Summer Concerts & Special Event Music

JEAN LENKE

Jazz-Folk vocalist Jean Lenke paints music in glorious full color, approaching her canvas with broad strokes and a free and abstract concept of Jazz form. Having launched her musical career late in life, her music is influenced by an eclectic mix of genres that span generations. From the Philadelphia area, Jean has recently made her home in the Pacific Northwest, on the Olympic Peninsula. Jean celebrates all the shades and hues life brings us here, feelings, beautifully expressed and set free into the wild wild west!
